Machell, Henry Thomas (Assoc. Prof. of Obstetrics + Paediatrics)

Sept. 1919 (042)

September 6th, 1919

Dr. H. T. Machell,

216 St. Clair Avenue West,

Toronto.

Dear Dr. Machell:

As you are aware changes have been introduced into the Department of Medicine by the appointment of Dr. Duncan Graham. Dr. Allen Baines has told me that he is withdrawing from the Chair of Pediatrics and a new appointment will have to be made forthwith. I think that you mentioned to me some time ago that it was also your intention to withdraw from active service in this department. If you will write me a formal letter I will lay it before the Board of Governors and I am sure they will send you an expression of their gratitude for your very valuable service in the University.

With kind regards, I am,

Yours sincerely,

President.

September 18th, 1919

Dr. H. T. Machell,
479 Avenue Road,
Toronto.

Dear Dr. Machell:

On my return from Halifax I find your letter resigning your Chair of Pediatrics, and will lay it before the Board of Governors at its next meeting. Allow me on my own part to say that I hope although you have severed your official teaching connection with the University we may still continue to see you at our functions and also that you will occasionally come to see me in my office.

With kind regards, I am,

Yours sincerely,

President.

The Governors desire to express to Dr. H. T. Machell on his retirement from the duties of the Associate-professorship of Pediatrics their thanks for the long continued and valuable service that he has rendered to the University. By his sane judgment, his professional skill and his kindly interest he has laid successive generations of students under deep obligation, and his work will long be remembered by the medical profession of this province.

Sept. 25th, 1919.
